Our students come from over 122 countries. This diverse student population creates a truly unique learning experience for our students. In Singapore, Academies Australasia College offers English language course, Singapore Government School Preparatory courses, Diploma, Advanced Diploma and Australian standard courses.

Project Management

In today's world, businesses are run with projects and most organisations have employees working on various projects. Regardless of whether an individual wants to build a career in marketing, accounting, management, IT or any other field, they will have to embrace several projects in their career. Project Management/Program Management qualifications are most sought-after qualifications in the 21st century that students who have completed these qualifications will have a competitive edge over other candidates. Students who complete these courses will develop skills and knowledge to lead the development, implementation and evaluation of a project from start to finish successfully.

Diploma of Project Management

This qualification reflects the role of individuals who apply project management skills and knowledge. They may manage projects in a variety of contexts, across a number of industry sectors. Individuals at this level display project leadership and management roles and are responsible for achieving project objectives. They possess a sound theoretical knowledge base and use a range of specialised, technical and managerial competencies to initiate, plan, execute and evaluate their own work and/or the work of others.
